A Year Old & Beginning To Grow!

I'm a Christian & have worked with children in a Christian context both in a voluntary & professional capacity for thirty years. I have been married for twenty years & have two wonderful children. I've lived in Knaresborough, North Yorkshire for twelve years.

BibleStoryZone is all about making the whole Bible accessible to children so that they can hear about God & how much he loves them!

Designed for children up to about 10 years old, BibleStoryZone presents Bible stories in a contemporary & exciting way - recorded especially and exclusively to be listened to on the built-in player, or downloaded to play on computers, MP3 players, or even burnt to CD.

***Each Bible story is broken down into episodes,
with voice-acting, sound effects & music!***

There are print out read-along sheets so children can read the Bible story as they listen, as well as notes for parents in case they need to explain anything!

But best of all, all this is available for FREE!

I want children all over the world to be able to stumble across BibleStoryZone, click on a Bible story & simply hear how much God loves them, without having to create an account, log in or pay anything!

In time the site will become an invaluable resource for parents, Sunday school teachers & regular school teachers as the Bible is opened up & delivered in a way that children understand & can relate to, without the central message of the Bible being changed or diluted.

Please take a look at the site; you can register on the Homepage to get development news direct to your inbox! Please spread the word to your friends, neighbours, fellow-Christians, church children's leaders and workers, and anywhere else you can! The best way to encourage people to visit BibleStoryZone is by personal recommendation and 'word of mouth'.

Please support this gospel initiative with your prayers & interest! For more information, or just to give a little encouragement, please feel free to get in touch through the website.
