

The 'Crafts'

Purpose?

- 1) To provide an opportunity to sit and chat with the children.
- 2) To make a simple, theme-related craft each day, which can be taken home.

What's Involved?

The whole team should be involved in planning the daily Crafts sessions, as well as sourcing any equipment that may be necessary for it.

Who Does What?

Everyone on the team should be involved in some way, both in preparation and on the day - the team can decide amongst themselves who does what. It's best to nominate one person as the team captain to ensure somebody takes responsibility for the team getting things done!

What Should It Be Like?

Fun to do, but not complicated (easy enough for 4-year olds but tricky enough for 11-year olds!). It could involve a fun activity sheet with the memory verse on it or anything else ***which doesn't demand full mental attention!*** Remember, the 1st purpose of this is to sit & chat, ***not*** to be totally focussed on creating a masterpiece!

How Long Should It Take?

A maximum of twenty minutes each day.
